Tips from the Teacher:

This week in Bible we will be learning about Abraham and how he prayed for others.

We will be doing review charts that mix rules from all of the charts in phonics class and learning rules for adding prefixes and suffixes.

Reading two fifty-page books in April will earn the students a spot on their Dalmatian, but the Book-It program is finished.

Some students are having difficulty memorizing the multiplication and division tables. They may need extra flashcard work beyond what we do in class and what is assigned for homework. Math computer games using those math facts can also help.

Achievement tests went very well. I am so proud of the effort that each of the children put into it. I hope the students enjoyed relaxing and reading for part of the afternoon. They seemed like they did.
