Tips from the Teacher:

This week in Bible we will be learning about Martha and how she believed in God.

We will be doing review charts that mix rules from all of the charts in phonics class and learning rules for adding prefixes and suffixes.

Reading two fifty-page books in April will earn the students a spot on their Dalmatian, but the Book-It program is over.

Some students are having difficulty memorizing the multiplication and division tables. They may need extra flashcard work beyond what we do in class and what is assigned for homework. Math computer games using those math facts can also help.

The students have been given a blank hardback book and have just begun writing their own story to go inside it. I am very pleased with the ideas the students have come up with and the covers they have created.
