Tips from the Teacher:

This week in Bible we will be learning about Peter and how he learned self-control.

We will be doing review charts that mix rules from all of the charts in phonics class and learning rules for adding prefixes and suffixes.

Reading two fifty-page books in April will earn the students a spot on their Dalmatian, but the Book-It program is over.

Some students are having difficulty memorizing the multiplication and division tables. They may need extra flashcard work beyond what we do in class and what is assigned for homework. Math computer games using those math facts can also help.

Information will be coming next week about our fieldtrip to Conner Prairie on May 11th. We will be limited to six chaperones, and it will be first come first serve after the permission slips come home, with preference given to those who did not go on our other fieldtrip.

I do not have a computer at school temporarily, as mine is either going to be fixed or replaced. I do check e-mail in the evening at home, or on breaks if I have time. However, you may want to call if you need a response that same day.
