

Mrs. Brock's Second Grade Class

January 22, 2010

Multiplication:

That's right, I said the word multiplication. Students have started working on multiplying. They will soon see it on their papers. We will be focusing on 1's, 2's, 3's, 4's and 5's. They need to be able to go all of the way to 12 (Example 2X12, 3X12, 4X12, 5X12). The earlier they can memorize them the better off they will be in future grades.
