April 5<sup>th</sup> -9<sup>th</sup> - Stanford Achievement Tests

Tips from the Teacher:

This week in Bible we will be learning about Abraham and how he listened to God.

We will be doing review charts that mix rules from all of the charts in phonics class and learning rules for adding prefixes and suffixes.

Reading two fifty-page books in April will earn the students a spot on their Dalmatian, but the Book-It program is finished.

It was very exciting to see the auction projects that each class created. Thank you to everyone who helped make our project a huge success!

Some students are having difficulty memorizing the multiplication and division tables. They may need extra flashcard work beyond what we do in class and what is assigned for homework. Math computer games using those math facts can also help.

Achievement test will begin on Monday, April 5<sup>th</sup>, and will continue all week. Please try to be back from any vacations, and try not to schedule any appointments that will take your child out of school that week. Much of the testing is dictated, making it difficult and time consuming to make up. Let me know as soon as possible of any conflicts. Thank you so much.
